

NEW PRODUCT

2017-2019 Ford 6.7L Power Stroke EZX Module

PRODUCT DESCRIPTION

[CLICK HERE FOR A DIRECT LINK TO THE PRODUCT WEBPAGE](#)

Edge Products has done it again, filling a void in the aftermarket with another “first of its” kind product, the EZX now available for 2017-2019 Ford Power Stroke diesel. This all-new inline module offers easy plug and play installation for power adjustability on the fly and the industry’s first smartphone app for feature control over your Ford Super Duty. The EZX offers emissions safe power gains (as much as 63hp/108tq to the tires) with better throttle response, quicker turbo spool-up, better fuel economy and improved towing performance. EZX is easily removed, leaving no traces within the system for dealer services and warranty work. EZX offers control at your fingertips you’ll wish you would’ve installed sooner!

Features and Benefits

- Adds up to 63HP and 108TQ to the rear tires, adjustable on-the-fly
- Smartphone App offers feature control at your fingertips
- Adjustable Throttle Sensitivity in each power level
- Tire Size Speedometer Calibration up to 50” tires

EMISSIONS

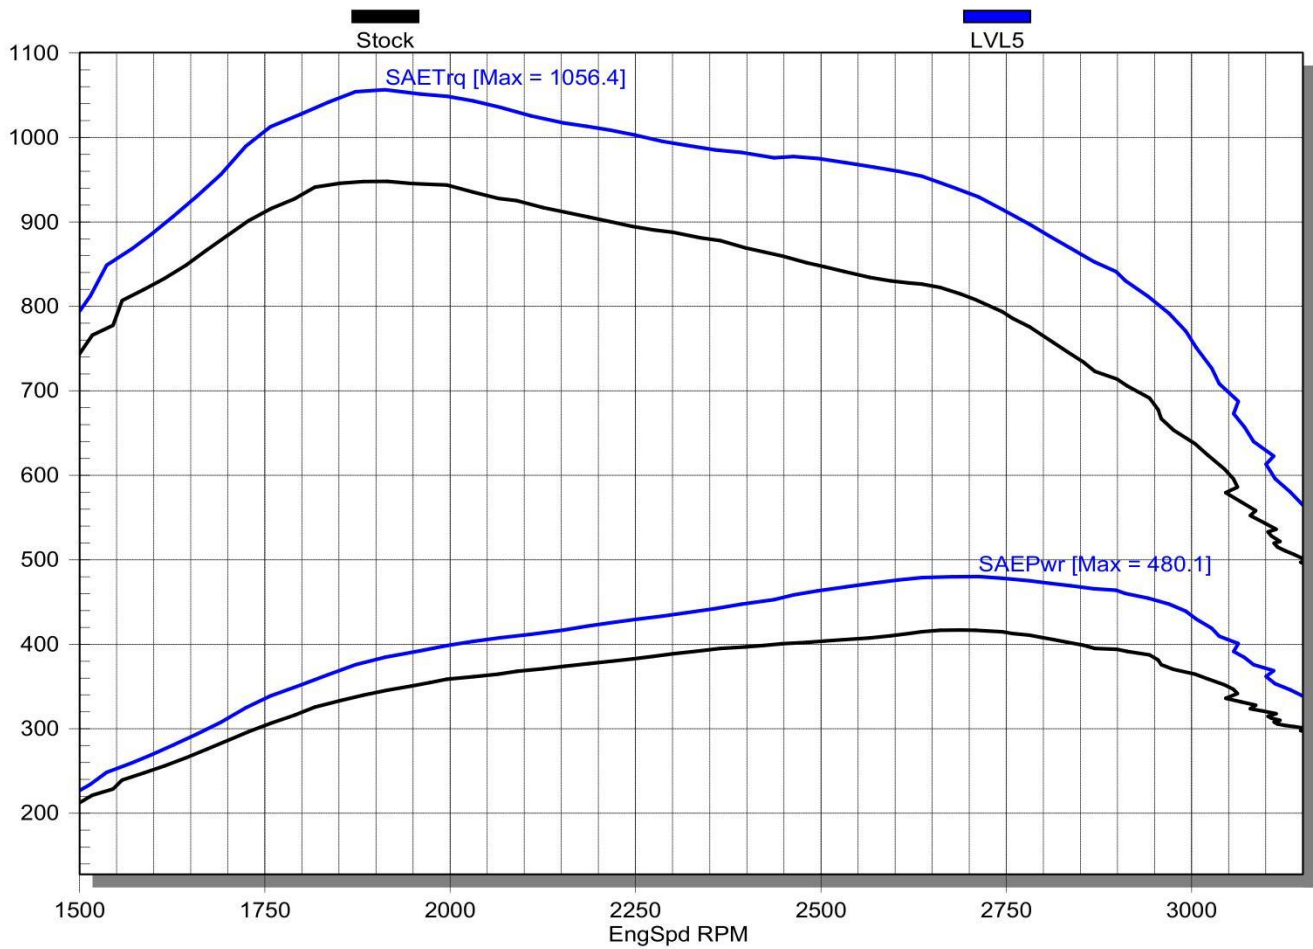

This part is legal under the provisions of EPA's Tampering Policy dated November 23rd, 2020. The company has reasonable basis (test results) to verify that this product allows the vehicle to operate within legal emissions standards and is therefore legal to be sold for on-street use in all states that accept the legal provisions of the Clean Air Act and the EPA Tampering Policy. This product is NOT LEGAL FOR SALE OR USE IN THE STATE OF CALIFORNIA. Testing with the California Air Resources Board, in order to achieve 50-state compliance, is pending with CARB. Once testing is complete with California, and an E.O. number is issued, this product will be updated to 50-state legal status.
